

Drop Suit Or No Aid, Levee Body Ultimatum

Mayor Carries Message
Of Threat; Citizens
Study Appeal

The East Side Levee and Sanitary District will contribute \$100,000 toward the estimated \$260,000 total cost of Nameoki area sanitary sewer repairs only if 15 private citizens in Granite City agree not to prosecute an appeal suit that would restrain the levee district from issuing \$1,390,000 in non-warranty bonds for sewer projects in St. Clair county, according to a statement issued by Mayor Leonard Davis.

The suit, if successful, would save Quad-Cities \$850,000, of which over \$600,000 or six times the levee board "aid" would go to Granite City alone. None of the bond issue money, which is tied up for 30 days by the citizens, would be spent in this community or provide any benefits to local taxpayers, the plaintiffs have pointed out.

Mayor Davis's statement to news media was issued in the form of a news release dated Friday, Dec. 7, and mailed at 5 p.m. that day. It was received Saturday by the Press-Record.

In the release, he "advised to day that he attended a meeting Wednesday evening with members of the East Side Levee and Sanitary District relative to the request made by the city about five months ago for \$100,000 of levee district funds for sewer repairs in Granite City."

Not Seen At Meeting
Press-Record reporters attended meetings of all governmental units that spend local taxpayers' money and last Wednesday night a session of the levee board was no exception. A reporter was there from start to finish and heard nothing mentioned of the levee board's threat of intimidation, nor did he see Mayor Davis.

The news release continued: "Mayor Davis was advised that this sum of \$100,000 has, in fact, been earmarked for the city of Granite City, but due to recent court action by certain citizens of Granite City, this sum has been withheld. The report was further advised that although the injunction was dismissed by the circuit court, the suit will continue to be withheld pending the 30 day waiting period for appeal."

"If for some reason the citizens would not prosecute their appeal, this money would be available for the city of Granite City for sewer projects. If they do prosecute, there would be no chance of receiving the money. Mayor Davis stated that he will just have to wait and see what the action of this group of citizens will be."

The suit against the levee board sought only to prevent

Landmark Farmhouse With Walnut Logs Razed By Fire

An old landmark which contained hand-hewn walnut logs, was destroyed by fire Friday with the raising of the ancient Clover homestead at 2500 Pontoon road.

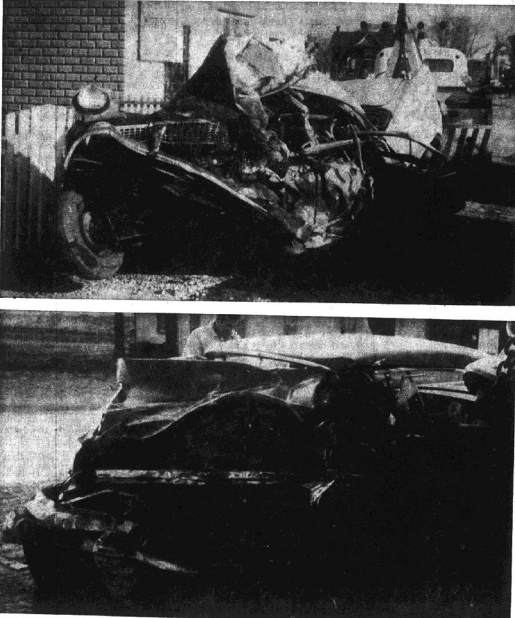

The structure, occupied until three months ago, the place had fallen into disrepair and had been the target of youth vandals.

Mrs. Carl Clover, widow of one of two brothers who were the last in the family to own the property, still has an old abstract of the title. She now lives at 4024 Maryland road.

Title Goes Back To 1814
The first entry shows the land going to a Henry Hay from the United States Government in 1814 for \$320. In 1815 it passed to a John and Elizabeth Gillman and then to a John Moore. In 1831, the "ground and buildings" were sold by Nicholas and Lois Watson to James S. Smith, records show.

It changed hands several more times until it was bought in 1899 by Henry and Henrietta Clover. The woman had but recently arrived from Germany. Her children, Henry, Carl and Alma were born there.

The younger Henry Clover, son of Henry, was born in the log

Mr. Gitcho, who lived at 2702 Frontenac lane, had been in declining health for 10 years and was under medical care for a heart affliction. He was 50 years of age.

A lifetime resident of the community, he was born in Madison and made his home there until moving to Granite City two years ago. He formerly operated a service station in downtown St. Clair.

Mr. Gitcho was a member of the Nameoki Presbyterian Church. He belonged to Triple Lodge 835, AF&AM; the Auld Shrine Temple, East St. Louis; the Low 12 Club and the St. Clair Shrine Club.

He was a veteran of the second world war and belonged to the American Legion, Venice-Madison Post 307.

Survivors include his wife, Dorothy; a son, Christ, 16, and twins David and Kathryn, 14; a brother, Boris C. Gitcho, Granite City; and three sisters, Mrs. Jessie Sylvester of St. Louis, Miss Victoria Gitcho of Lincoln and Mrs. Raymond D. (Elizabeth) Smith of Brookline, Mass. Two homes in the Quad-Cities were gutted by fire and another badly damaged in weekend blazes. Firefighters of Madison and Granite City fought the blazes in 20-degree weather.

Price said the increase, which averages five cents an hour is nationwide for Army civilian, hourly employees.

Venice To Join
Levee District
Treatment Plan

Venice aldermen voted unanimously Friday night to join the East Side Levee and Sanitary District plan for sewer treatment, authorizing the levee district to proceed with construction of all necessary facilities.

In a resolution city officials called the levee district plan "the most logical and economical way to provide primary sewage treatment for the city."

Mayor John E. Lee said the decision was made only after careful consideration of all factors involved.

"After looking at all the surveys made by various firms pertaining to sewage treatment," Dr. Lee said, "we have concluded that the levee district plan was the most feasible for us. We had to take some action; this thing couldn't be put off much longer."

Plans For Underpass

In other action, the council asked the engineering firm of Sheppard, Morgan & Schwab to prepare a contract covering preliminary plans for a proposed railway underpass near Broadway and amended the 1952-63 McKinley Bridge operating budget.

No action was taken on a previous proposal to change existing tavern hours.

Mayor Lee said the city's decision to accept the levee district sewage treatment plan was primarily due to lower costs indicated by engineering studies. Engineering surveys showed a treatment plant operated by the city would cost \$30 to \$40 annually per household, he said.

Fire Chief Elijah King said the new pumper is in the final stages of testing at Towlers Fire Apparatus Co. in Freeburg, where it is being built. Further test will be conducted when it arrives.

The new truck will replace the 1947 American-LaFrance pumper which will be kept in reserve at the main station.

The department 750-gpm pumper, which the West Granite and Nameoki stations are served and five years old.

The new pumper is being built on a 1951 Ford chassis purchased from B. E. Holt, Inc., and the total cost will be about \$23,000.

State Investigating Possibility Of Third Car In U.S. 67A Mishap

A crushing, head-on collision of two autos killed three persons and critically injured a Granite City man about 9:30 p.m. Saturday.

Two young St. Louisans were killed outright and an East Alton man died two hours later as a result of the crash on U.S. Highway 67A. The crash scene was on the north side of a levee about two miles north of Granite City. The levee rise in the roadway has been the scene of several other fatal accidents in recent years.

In satisfactory condition at Barnes Hospital, St. Louis, where he was transferred from St. Elizabeth Hospital in Venice, Burcham, 31, of 1915A Benton street, who suffered multiple cuts and abrasions and possible fractures.

Killing With Cousin
State police said he was a passenger in the car driven by his cousin Billy Clymer, 28, of East Alton, who died about 11:35 p.m. in the hospital emergency room.

here. He suffered fractures to his back, both legs and chest.

Killed outright in their crushed auto were Vincent Passteri, 19, and Miss Carol Ann Hudson, 18, both of Bellefontaine Neighborhood, Mo. They were badly crushed in the auto which was completely crushed about three days before the crash. Rescuers worked nearly 30 minutes to free them from the wreckage.

State Investigation

Local police and two ambulances went to the scene along with state troopers. State police said they were investigating the possibility of a third vehicle being involved.

Clymer's northbound auto was in the southbound lane when it struck the southbound auto driving west. State police said they were investigating the possibility of a third vehicle being involved.

The injured man, it was learned from relatives, arrived in Granite City about three days before the crash. He had been living on a farm near Dover, Mo. Clymer, his cousin, was a boat operator for a Wood River marine firm. Funeral services will be held at the home of Mrs. P. Salvo, 2100 E. Main, St. Louis.

Funeral home. Clymer is survived by his wife, May, and two children, Kim, six, and Cheryl, five; and his parents, Mr. and Mrs. George Clymer of Indian Mound, Tenn.

Troopers said Passteri and Miss Hudson apparently were on a date. She is the daughter of Mrs. and Mrs. William Hudson, and he is the son of Mr. and Mrs. Salvatore Passteri.

Deputy Coroner Henry Pieper said an inquest will be conducted when state police complete their investigation.

4 Firms Plan To Bid On New GC Post Office

The plan holders are G. H. Sternberg & Co., and General Contracting Co., both of Granite City; Vic Morrow Construction Co., Belleville, and Williams Construction Co., St. Louis.

house that stood until three days ago. The building was on the property when his parents moved there in 1890.

Indians dwelled there.

It is not known when the house was built; but earlier, Indians were known to have occupied the place.

The house was of a style commonly used for log structures. There was a front porch and a rear portion, separated by a long porch.

Construction was of hand-hewn logs. The kitchen at the rear was of walnut logs. Later, the house was enlarged and enclosed by making more rooms in the porch area.

Clover does not know when that was done. It was before his time.

The elder Henry Clover died in 1910, the same year as his daughter, Alma. His widow occupied the place until her death in 1940.

Water Installed In 1947

The two sons, Henry and Carl, inherited the property at that time. They installed their own water and in 1947 put in a bath. In 1953 the place was sold to Maryland Real Estate Co.

Henry Clover now resides in Greenville, Ill., with his nephew, Carl Clover.

Friday, the last traces of the old home were destroyed. With the assistance of the Granite City fire department, the building was burned down and the ruins bulldozed.

Various surveys of the problem of pollution abatement have shown that the most economical method of providing primary treatment of sewage now being discharged from the Venice sewer system into the Mississippi River would be by participating in a single coordinated facility to be constructed and operated by a single central municipal agency.

"The city council of the city of Venice is of the opinion that the plan of the East Side Levee and Sanitary district is the most logical and economical to provide for the treatment of said sewage."

Await Federal Action

Mayor Lee told the council the proposal to designate Broadway as a business route to Federal Aid 151 is now in the hands of the U. S. Bureau of Public Roads. Approval would assure federal assistance in building a railroad underpass north of the Broadway crossing.

"We should get the ball rolling on this so that the project can be as far along as possible when approval comes," Mayor Lee said.

He said costs incurred by the city or preliminary planning will be credited toward its share of the total cost. The city's share will be paid from motor fuel tax funds, he added.

Engineer Edward Joneau, representing Sheppard, Morgan & Schwab, said he will proceed with a tentative contract for underpass planning. He said the contract can contain a clause under which the project would be discontinued at the city's request.

Extra Bridge Engineering Costs

The council amended the McKinley Bridge budget to allow for a payment of \$22,818 to the New York engineering firm of Hardesty and Hanover for added costs incurred because of prolongation of the bridge improvement project.

Payment of the bill was authorized from the bridge replacement and improvement fund.

A proposed change in the current Venice tavern closing hours was discussed at the Nov. 16 meeting was not considered Friday night. Mayor Lee had asked councilmen to consider allowing taverns to remain open until 2 a.m. Saturday instead of 1 a.m. Sunday as at present.

Tavern Action Dec. 21

Mayor Lee said any such action would require an ordinance, and none had been drawn up prior to the meeting. He asked the aldermen to give the matter further consideration, so that action can be taken at the December 21 meeting.

"Some aldermen have indicated they are not ready to decide on the matter yet," the mayor said. "Some would be in favor of allowing the 2 a.m. hour on both Saturday and Sunday, others are strictly against this."

"One thing I can state definitely, however, we're all tired of tavern hour discussion. Any action taken on this matter will be the last closing hour action of any kind taken for a long time."

Zoning Proposed

Just prior to adjournment of the meeting, Mayor Lee said he would like City Attorney Harry E. Hartman and City Engineer Jack Tolliver to consider a possible zoning ordinance for Venice. He said no immediate action is necessary, but such action should be considered.

"The county has had numerous meetings on zoning," Dr. Lee said. "I feel to have progress in this county we need to have some kind of zoning."

"At the same time, I think we should determine whether some zoning regulation is needed within our own city."

Vandals Damage Trash Pit, Overtum Barrels

Vandals tore sections from the wall of a concrete trash pit at the rear of the home of Venice township Supervisor Arthur W. "Cooper" Moore, 1767 Third street, Madison, between 4:30 p.m. and 6 p.m. Friday. Use of the pit is shared by Moore and Lee Abernathy, 1672 Third street.

Trash barrels in the block also were overturned by the vandals. Moore estimated damage to the pit at \$50.

Auto Tie Rod Breaks; Two Unhurt As Car Flips

Two men escaped injury about 3:45 a.m. Sunday when their auto flipped over on Pontoon road at the railroad tracks after a tie rod broke.

The driver, Calvin Meadows, 24, of 2125 Washington avenue, told police he was traveling east and was unable to control the car. The passenger was Gilbert Blovin, 23, of 4288 Division street.

Fire Burns Out

(Continued from Page 1.)

In East Madison. It was the home of James Steel, located at 1915 Fifth street. Firemen said hot ashes in a bushel basket ignited in the basement. Fire went through the walls into the attic. The blaze was well advanced when firemen arrived. The alarm was about 12:35 p.m.

Firemen fought the blaze for three and one-half hours. They had 1400 feet of hose to the nearest hydrant. Adjacent frame houses were in danger of catching fire, too, and firemen had to fight to keep the flames from spreading.

No estimate of the loss has yet been made.

\$3500 Damage To House

An estimated \$3500 was caused by fire at the home of James Eitfing, 1625 Poplar street. The blaze broke out about 4:15 p.m. Sunday. An overhead furnace is believed to have been the cause.

The fire started in the basement of the frame building. Damage was about \$2000 to the building and \$1500 to the contents.

There also were two fires Sunday, caused by burning trash. About 4:25 p.m., fire spread from a trash fire to the grass at the home of Ernest McDonald, 2422 Delmar avenue. The other was at 1915 Sherman avenue, on property owned by Granite City Steel Co. There was no damage at either blaze.

About 1:10 p.m. Saturday there was a minor rubbish fire at the home of Lucille Wilson, 2512 Lincoln avenue.

Chase Involving Crash Leads To Four Arrests

Four St. Louisans, three men and a woman, were arrested in Granite City Friday evening in a chase in which there was a traffic accident.

The driver of the auto, Richard Robinson, 30, was involved in a crash on St. Clair avenue. He was taken into custody on a lot in the 2300 block of Madison avenue, and charged with reckless driving, leaving the scene of an accident, disorderly conduct and refusing to obey.

Arrested with him was Eugene Burke, 25, who was charged with refusing to obey.

Robinson pleaded guilty Saturday and was fined \$175. Burke pleaded not guilty and a hearing was set for Dec. 29.

Police were first alerted by the manager of the B. F. Goodrich store, 2266 Madison avenue, where the chase began. Taken into custody initially were Richard Brooks, 25, and Betty Riddle, who pleaded guilty Saturday to disorderly conduct, charges and were fined \$25 and \$20, each.

They had jumped out of the car at the Belvedere Village shopping center. The continuing chase resulted in the accident. Police said Robinson was backing his auto on St. Clair avenue and hit a car owned by David White, 2500 National avenue.

Fund Drive Begun For YMCA Gym-Judo Mat

A fund drive is under way to
purchase a foam mat for the
YMCA's physical education
program, it was announced to-
day. The judo, wrestling and
tumbling activity has grown to
the point that such a mat is es-
sential if the program is to con-
tinue at the present rate.

A manufacturer has agreed to
provide such a mat for \$1000
which is much less than the
standard price. Such an item is
too costly, however, to be includ-
ed in the YMCA budget.

E. D. "Bud" Kincaid has volun-
tarily taken on the job of rais-
ing the money. He is making
contact with local service clubs
and other organizations to so-
licit funds. Kincaid is a Ro-
tarian.

The local judo club has grown
in prominence to the point that
it is one of the best known in
this part of the country. Inter-
club tournaments cannot be held
here, however, without the use
of a proper mat, the staff points
out. The judo practice room is
too small to accommodate a
tournament. In the past, it has
been necessary to borrow a mat
for such events.

ties basketball conference tour-
nament at the New Baden gym.

The seven-team tournament
will begin at 7 p.m. with Bunker
Hill playing Breese.

A first-round game Tuesday
at 7 p.m. will pair Worden and
Livingston. First-seeded Wescan
drew an opening-round bye, and
will play the Worden-Livingston
winner at 7 p.m. Wednesday.

Lower bracket first-round win-
ners will meet in a champion-
ship semifinal at 8:30 Wednes-
day.

The lower bracket consolation
semifinal contest will be played
at 8:30 p.m. Tuesday. A single 7
p.m. game on Thursday will de-
cide the consolation trophy win-
ner. The Worden-Livingston
first-round loser draws a bye
and advances automatically to
the losers' finals.

First place will be decided
Friday at 7 p.m. in a game that
matches Wednesday's losers. The
championship game will follow
at 8:30 p.m.

Admission to the sessions is
40 cents for students and 75
cents for adults.

Wrestlers from Coolidge jun-
ior high school lost only one of
12 bouts with Edwardsville
freshmen here Thursday in
scoring a lopsided 41-7 win over
a team which Braves' Coach Bob
Moske predicted will be much
improved when the two squads
meet again on Feb. 1.

"They were (physically)
strong, but don't have the moves
yet," he said of the first-year
Tigers, whose only win was in
the opening bout. Edwardsville
did gain two draws later in the
afternoon.

Five Coolidge wrestlers scored
pins as the Braves upped their
record to 2-0 this season. Win-
tarian.

Wood River Edges Chiefs Friday, 66-63

Coolidge ninth graders came up four or less points shy for the second game in two days Friday as they dropped a Junior High basketball conference contest to Wood River, 66-63.

The Braves were away an eight-point halftime lead by Wood River and placed four players in double figures, but the taller visitors won the game in the rebound department and also had four players who scored 10 or more points.

Mike Fritchard led the Braves with 15 points, Elmer Wortham and Dana Lakatos added 11 each and Larry Ripka scored 10. Schleimer hit 17 and Kasten 16 for Wood River. Now 1-2, Coolidge is scheduled in Roxana at 6:30 p.m. tomorrow, and plays at Cahokia Thursday afternoon.

Huge Flight of Birds Seen — Heading North

An unusual flight of thousands of small birds was observed Friday morning by a family residing on Bermuda lane, the Press-Record was informed.

Instead of migrating south, the birds formed a line, heading directly northward over the residence. Maintaining the same direction, the line of birds gradually shifted to the east as the flight continued during the ensuing 20 minutes.

Drop Suit

(Continued from Page 1.)

Issuance of the \$1,390,000 in general obligation bonds without giving the people a chance to vote on it. The Illinois legislature already has prohibited non-referendum bond issues by the state and the citizens' suit would merely move it up a couple of weeks without referendum would use up all but about \$300 of the district's \$13,300,000 in bonding power. Nothing would be left for any future projects even with a referendum.

Continue Appeal Story

At a conference this morning of members of the citizens' committee and their attorneys, it was decided to give further study to a court appeal. The group has until Jan. 3, 1963, to file its appeal notice.

A successful appeal, it was pointed out, would save Granite City \$600,000 or six times as much as the \$100,000 offered by the levee board for Namekole area sewer repairs. If there is no appeal taken.

The Namekole sanitary sewers, on which repairs have been necessary, were originally installed by the levee district.

Members of the citizens' committee opposing the levee board bond issue are: H. E. Lueders, Donald Partney, Homer Huber, G. W. Hoelscher, Roy Lynn, Irvin Rodemeyer, David John, C. Baker, Leo Coleman, Carl Graham, C. E. Townsend, Fred Kimore, William Webb, Henry D. Karandjeff and Harold R. Fischer.

Home At Eagle Acres Destroyed By Fire

A one-story concrete block residence was a total loss following a fire of unknown origin at 10:30 p.m. Friday.

Venice firemen answered the alarm at 303 Hill street, "Eagle Park Acres. Name of the family was not initially obtained.

No one was home at the three-room structure, and the fire department was not summoned until neighbors detected the blaze. When fire trucks arrived at the scene, flames were leaping from the windows of the living room.

The fire completely gutted the home, and firemen pushed down the walls as a safety measure. Car walls had buckled and cracked from the intense heat.

Woman Arrested In Raid May Be Missing Person

State troopers took into custody in Granite City Friday night Miss Bonnie Sattler, who was charged with prostitution in connection with a vice raid at the Tattle Tale Inn near Collinsville. She is being questioned concerning a missing person report filed by a local couple and is believed to be the missing daughter.

Sheriff Fraundorff said today the case is being handled by Assistant State's Atty. Joseph Bartylak and positive identification has not been established. The missing report was filed in September.

Attempted Murder Charge Filed After Knifing

A charge of attempt to commit murder was filed early Saturday against Frank Duncan, 43, of 714 Layton road in the Bend road area, following a cutting on the parking lot at Lesko's tavern, 608 McCambridge avenue, East Madison. Sheriff Barney Fraundorff said the incident occurred about 1 a.m.

The victim, Harold David Hunter, 20, of 1903 Sixth street, Madison, was reported in good condition today at St. Elizabeth Hospital. He suffered cuts to his left shoulder, left hand and right arm. The complaint against Duncan was filed by Hunter's mother, Mrs. Audrey Bukovska, a bartender at the Lesko's.

Duncan, a Wabash Railroad fireman, was released on \$2500 bond to appear for a preliminary hearing Dec. 29 before Justice of the Peace Harry Hartman.

Debate In Tavern

Sheriff Fraundorff interviewed witnesses Saturday and Sunday. It was learned the knifing occurred following a dispute in the tavern.

Hunter told the sheriff he had been in the tavern, a short time and was drinking a bottle of soda when the dispute with Duncan began. He left to go to his home next door and said he encountered Duncan. The dispute was over a "business" remark by Duncan, witnesses said.

Duncan said he went to the tavern with his wife and joined a group of patrons at a table. Following the argument, he left. Duncan said he was on the lot and was struck in the face by Hunter, who wielded a six-pack carton of beer, which he got from a companion, Duncan said another man was there, and that for self defense, he pulled a knife.

Madison JHS Defeats Prather, 5th Victory

Madison junior high school eighth graders weathered their stiffest test of the basketball season Friday night, defeating Prather JHS of Granite City 43-36 for their fifth victory without a setback.

Steve Shipoff and Don Nowicki each scored 12 points for MJHS, but game scoring honors went to Dan Partney of Prather with 1. Madison led 18-14 at halftime.

Others agreed.

Mayor John E. Lee said the city got a late start planning for the lights, but could make a point of earlier planning next year.

No Christmas Street Lights For Venice

Venice officials have abandoned plans for Christmas street lights this year, but hope to have them before another holiday season arrives.

City Clerk William Ebersold reported at the city council meeting Friday night, eight strands of lights installed would cost the city over \$2000.

Alderman William E. Griggs said since the city has a number of improvement projects underway and the Christmas lighting would be useful for only about two weeks, he felt their purchase should be postponed.

Others agreed.

Mayor John E. Lee said the city got a late start planning for the lights, but could make a point of earlier planning next year.

Fire Dept. Gives Formula To Flameproof Yule Tree

A formula for a solution to prevent flash blazing of Christmas trees was made available to the public today by Granite City Fire Chief Elijah King.

The chief pointed out that Christmas trees are highly inflammable, and while the solution does not completely flameproof a tree, it will prevent a flash blaze.

"You know how a Christmas tree burns. It's just one flash flame," the chief said. "If this solution is sprayed on with an insect spray gun or even with a window washer spray, the tree will smolder instead of blazing should it catch fire," he added.

The solution consists of a

gallon of water, five ounces of borax and 10 ounces of borate powder, and is recommended by fire prevention authorities.

"If sprayed on adequately, it will slow down the flaming action," Chief King said.

In giving advice to local residents, the chief added that Christmas trees should be kept away from radiators, fireplaces and registers.

"Don't place them too close to doorways, and be sure you have a handy place to plug in the lights," he added.

The chief also suggested an inspection of light strand wiring. "If it frayed, perhaps it should be discarded for safety's sake."

lores Byrnes, Mrs. O'Day led the program for the evening and discussed customs of Christmas in other countries.

The home was appropriately decorated in a Christmas theme, and gifts were exchanged.

A dessert luncheon was served by the hostesses to the above and Mesdames Davis De Witt, Helen Pier, Naomi Davis, Cecelia Warrnoff, Jane Harris, Eleanor Weber, Elizabeth Scherrilla and Margaret Painter.

Postal Officials Expect Record Christmas Mail

Local postal workers are preparing for an all-time record amount of Christmas mail postal authorities said today, with expanded facilities ready to go into operation.

Postmasters Theodore Overbeck of Granite City, Harry Johnson of Madison and Charles Simmons of Venice said every effort will be made to handle the mail as expeditiously as possible. Overbeck said the Granite City post office has made arrangements for additional space again this year, with occupancy expected about Dec. 15. The additional space is necessary to handle the tremendous volume of mail, he said.

However, the postmaster said, "the vast volume of Christmas mail is only part of our

problem. When names and addresses are carelessly written and packages are poorly wrapped, delays which could have been avoided may result."

Overbeck said overalls on the part of those mailing Christmas cards and gifts add to the heavy load of postal employees. He urged that complete, clearly-written addresses be used and that all packages be wrapped and tied securely.

Christmas gifts, whether long distances or to an in-town address, should be properly packed in sturdy containers. Postmaster Overbeck said, "But most important of all, the postmaster said, 'please get all your Christmas cards and gifts in the mail within the next day or two.'"

Paper As Christmas Gift—For St. Nick

An appropriate Christmas present is being sent to a Granite City serviceman on Okinawa—a one-year subscription to the Press-Record. The newly-started subscription includes the 25 Years Ago column for Dec. 6, 1937, in which the Community high school senior class play, "The Rescue of St. Nick," was recalled.

St. Nick was portrayed by Emory Huffman, who later entered the Air Force and is now a master sergeant and veteran of 23 years in the armed forces. Transferred to Okinawa two years ago, he resides there with his wife and their two daughters. The subscription was sent by his sister, Mrs. William Duckworth, 2012 Willow avenue.

State To Crack Down On Area Trailer Court

Nameless township officials have been advised by the state Public Health Department that an unlicensed trailer park is in operation in the township.

Supervisor Harry Briggs said the state's attorney's office also was informed that Clarence Anderson, 4501 Highway 162, Stallings Park, has been notified to discontinue operation of a trailer park.

The letter sent to the township by C. W. Klassen, technical advisor for the state health department, stated a Nov. 21 inspection disclosed seven house trailers on the property. Anderson was advised to remove all but one trailer until a state license is secured.

The letter board, at its next meeting Dec. 19, is to open bids on a three-speed exhaust fan for the town hall, and will consider a request made last week by Town Tax Collector Elbert Coats for \$3400 operating expenses for his office next year. Coats is seeking \$3000 to hire four deputy collectors, \$400 for office supplies and equipment rental and \$60 for insurance and bond.

Capacity Crowd Expected At Annual Christmas Show

A capacity crowd is expected at the 17th annual Christmas show at 7:45 p.m. tomorrow at Granite City high school, according to Eugene L. Alassi, director of the event.

Alassi, supervisor of art in the Granite City school system, said seats at the free show will be on a first-come, first-served basis. About 200 persons were turned away last year, he said. The show is sponsored by the Granite City junior and senior high school's art education staff and students. Hundreds of seasonal decorating items and centerpieces will be on display.

Art students from lower grades will serve as ushers at the program, which will be in the school auditorium.

About 60 hand-carved, flocked styrofoam centerpieces will be given away at the show as attendance prizes. Alassi said many of this year's centerpieces are four to five feet tall.

Rotarians Plan For International Meeting

In addition to assisting in advance arrangements for the

global meeting, local Rotary members will entertain Rotarians from other lands as dinner guests in their homes on one of the evenings during the five-day conference. The meetings traditionally attract upwards of 15,000 delegates, including large numbers from overseas.

County TB Seal Drive Reaches 60% of Goal

The Christmas Seal Campaign of the Madison County Tuberculosis Association is at 60% of the \$42,000 goal, it was reported today at the Edwardsville headquarters.

Dr. A. H. Rode, local dentist and first vice-president, urged Quad-Cityans to answer the Christmas Seal letters sent out Nov. 13. Funds from the sale of the seals will be used to provide free chest x-rays in the county next year.

The association also pays for films taken at a hospital if a chest condition is found and a larger x-ray is requested by a family physician.

To date, the 33,000 letters with seals have been answered by about 15,000 persons. "We hope to hear from at least 20,000 more," Dr. Rode said.

Area PTA Council Reports
On Sex Education Project

A report on a recent sex education program was given Thursday afternoon during a meeting of the Granite City Area Council PTA executive board. Plans were made for a PTA recognition banquet to be held Feb. 28.

The board meeting was held at the home of Mrs. Gladys Diak, 2609 Missouri avenue, with the president, Mrs. Kathleen Tadlock presiding.

The report on a recent talk here by Dr. Franklin R. Fitch, associate medical director of clinics at Northwestern University School of Medicine, was presented by Mrs. Doris Buer. She said the public meeting was attended by about 75 persons, and that Dr. Fitch stressed the fact that parents should strive to give their children a wholesome, accurate attitude about sex.

"It's what every parent should know," she added. In presenting her report, Mrs. Buer quoted Dr. Fitch's talk extensively. "Children should be taught that future happiness and mental health of growing child may be greatly influenced

by the answers parents are able to give their questions. Parents can teach their child to develop right attitudes toward other boys and girls, toward courtship and marriage and toward life itself."

He emphasized the need for knowledge and pointed out that "With understanding, fortified by sound moral and religious convictions, comes inner strength that molds character and develops attitudes toward sex that are moral and healthy."

"Children should be encouraged to go to their parents for information to insure that they receive the truth presented in the proper way."

The next Area Council meeting will be Jan. 24 at Emerson school. Dr. Harold Kaiser, superintendent of schools, will discuss progress in the school system and future needs.
